

The Dragon Den

The May Scoop On DeWitt Carter PS

Here Comes Summer break! Julia L.

Hello Dragons! On May 1st, we have

59 DAYS UNTIL SUMMER BREAK!

And, yes, I'm counting weekends.

We are super excited!

**But, we are also really pumped
to release our first newspaper!**

**We hope you enjoy and learn a
Dragon load of stuff!**

Bullying Ashleigh R.

Don't worry, you're not alone.

If you or a friend has been bullied, it hurts, so we want you to help prevent bullying! You might think you can't do anything but you can by just saying **"stop"** and walking away. If that doesn't work, tell a teacher. Also, we would love to to hear your story without names.....

Because we want the world to know it's not ok.

Dragoscopes Julia L.

Find your dragon lair colour and read your Dragoscope for the month!

Red Perhaps this month you are going to learn something cool from a friend!

Orange This could be a month of glitches and misclicks, but you will rock it as much as possible.

Yellow The path to your inner self is clear; there is none of the usual jams blocking your way.

Green This could be a time in your life when you fall in love with a super-cute animal and you obsess over it.

Blue You are going to rise up higher than you ever imagined.... for a price.

Black Don't let ANYTHING get you down, you need to get to the top of the impossible mountain.

White Your friends are your best accessory - better than any pricey outfit or purse!

Grey You may find friends in unexpected places - perhaps someone you don't hang out with a lot?

**This is the month of the
Yellow dragon!**

Stuff You Should Know! Briar T.

Hi, it's Briar! Did you know that ice cream was invented in the 1840s? Ancient greeks enjoyed a dessert similar to ice cream, and Marco Polo brought an early form of ice cream to Europe. 90 percent of American households eat ice cream. Hawaii is where the "ice cream beans" grow. It takes 12 gallons of milk to make 1 gallon of ice cream. "BRAIN FREEZE"!!!!

Quote For May Sophia P.
