

GOOGLE MEETS

MESSAGE TO PARENTS

We are fortunate to live in a time when technology can help us to connect with one another during interruptions such as a global pandemic. Teachers have missed seeing their students and have enjoyed the connections being made via google classroom.

We are excited to announce that teachers are going to have the ability to now meet in a virtual space to allow for continued connection and interactions via the DSBN approved **Google Meets**.

This document has many links that will help you to learn more about this platform; however, we want to make it extremely clear to parents that **participating in this platform is optional**. We want to respect your level of comfort with this learning option.

Please browse the following links to learn more. If you have any further questions, or concerns, please contact your child's homeroom teacher.

WHAT IS

GOOGLE MEETS

- Google Meets is part of the Google Apps For Education tools.
- It is an online virtual meeting platform that is a quick, easy way for a teacher to connect with their students via live video.
- It is already embedded into Google Classroom, making it simple and streamlined to use.
- It is a DSBN vetted and approved online learning tool.

HOW MIGHT A TEACHER

USE GOOGLE MEETS?

Teachers may wish to use Google meets in several different ways to meet their program needs. Some of the ways in which it might be used include:

- Small group instruction with the teacher
- Student small group breakout sessions for students to collaborate on a task (under teacher supervision)
- Large group, short lessons
- Large group check-ins (community circles)
- As a way for teachers to connect face to face to give instructions for the day/week.
