### DeWitt Carter Public School Mission Statement

"Our mission is to support student learning in a safe environment where all students are motivated to learn and are willing to take risks, so they can become positive contributors to our society."

**Well - Here we are in the last stretch of the school year!**

My, how time has flown this year. There is so much that has gone into this year that it seems incomprehensible that it is drawing to a close already. We are just finishing up EQAO and the last of our many clubs and teams are underway. Year-end trips are all planned - some have already taken place! The time goes so quickly because of all the wonderful things that happen every day. There are so many stories we have... so many that we couldn't possibly keep up with them. I read somewhere that we should remember the little things because some day we will look back and remember them as the big things! That couldn't be truer here. I hope that each of you had at least one of those little things happen this year.

At this time of the year, I like to acknowledge the hard work and accomplishments of our school community. People always ask me about working at DeWitt Carter and I proudly tell them about how much I enjoy my time here. No matter the day, we can always seem to count on each other. On top of that, the effort I see people put into things is admirable.

First, I do not know how to put into words to express the appreciation we have for the many hours that Mrs. Sager dedicates into organizing so many things here at the school. The list is endless but her patience is bountiful. We thank her for this... We simply could not do what we do, without her.

Our School Council Fun Fair parents once again have done a fantastic job organizing and running our annual Fun Fair. They start the planning all the way back in the fall months to make sure it is an enjoyable evening for our students and families. We know that this is a greatly anticipated event each and every year. We cannot thank each of you enough for this. Your work before, during and after the event is truly appreciated. Of course, this extends to all of our parents. We thank you for the things you do each and every day to help us with the education of our future citizens.

Of course, I cannot go without thanking our staff members. You all work so hard every day. I see you pour yourself into this job for our students. I know that this is a very involved job yet each of you approach it with a smile. You are caring, flexible and empathetic - every day, I am proud to say I work with you.

The special price for this unique event is only \$1.00/per student! Ms. Winters is also offering a discounted price on three of her stories for anyone who would like to make a purchase. ## STUDENT TRANSPORTATION INFORMATION

On Monday, **August 20, 2018** Niagara Student Transportation Services (NSTS) will post specific back to school transportation arrangements for each student enrolled, including bus route numbers, stop locations and times.

Please visit [www.nsts.ca](http://www.nsts.ca) and sign-in to the secure parent portal to get your child's student transportation information. To sign-in to the portal you will need your child's Ontario Education Number (OEN) which can be found on their report card. While signed-in, please subscribe to the delay and cancellation module for direct and timely emails regarding student transportation that impacts your child's bus route.

Eligibility information is also available through the portal including walking directions if your child lives within the walk zone of the school and is not eligible for transportation service.

Changes to home, pick-up or drop-off addresses must be made through your child's school. During the summer you may notify NSTS of address changes so we can make sure a bus stop is available for your child to start the school year, however, NSTS is not authorized to change student address information. With the availability of the secure parent portal, *NSTS will not mail student transportation notices with the exception of Kindergarten students or new students to the system who do not have an OEN to sign-in to the portal.* Please contact your school or NSTS if you have questions regarding your child's transportation arrangements.

## Instrumental Music for DSNB Students

The Niagara Elementary Instrumental Music (NEIM) program offers a unique opportunity for students in grades 3 to 8 to choose from a variety of musical instruments and learn how to play them. Amongst the choices are different strings, woodwinds, brass and percussion instruments. The student orchestra will be around to visit our school and an information and registration form will be given to the students. Look for it, coming home shortly. Additionally, we have attached a link to the NEIM website where there is more complete information about the kinds of instruments available, the costs and the operating of the lessons and rehearsals. There is also complete contact information available on the website, if you have any further questions. Don't miss out on this distinctive and rewarding opportunity!
